After having a delicious, home-cooked meal in a traditional homestead, we enjoy a visit to a Maasai Boma for the cultural encounter of a lifetime. The Maasai people are semi-nomadic herders, who choose to live a traditional lifestyle and are known for their distinctive traditional attire. In the late afternoon we embark on a walking tour to Lake Papyrus. Here we can view this magnificent lake filled with abundant birdlife and hippos. If time allows, we can do some light trekking up to the waterfall. From here, view the lake on top of the Rift valley wall, then onto the banana plantation and rice fields, ending off the tour with a local village visit. On completion of this culture filled day, we return to the lodge for dinner & overnight.

Accommodation: Karatu Simba Lodge or similar

24.09.25 Lake Manyara – Ngorongoro Crater, Tanzania – Serengeti National Park

(B/L/D)

This morning we have an early departure for a game drive in the world renowned Ngorongoro Crater. For many this wildlife spectacle is the pinnacle of their Africa safari experience. The Ngorongoro Crater boasts all of the 'Big 5', including a small population of endangered black rhino. After a picnic lunch, we head towards the Serengeti through the stunning Southern Plains. This is the area that the Serengeti is best known for – the endless, undulating grass savannah with rocky outcrops that serve as isolated wildlife refuges.

25.09.25 Serengeti National Park, Tanzania

(B/L/D)

Today we spend a full day game driving around the Seronera area of the Serengeti. The Serengeti is divided into three main areas. Seronera is the most central and accessible region and this is where the Park's headquarters are based, as well as most of the larger lodges and communal campsites. This part of the Serengeti is characterised by open plains of grassland, packed with animals. The Seronera River is the lifeblood of the Serengeti and this area is renowned for great game viewing all

year round. It is also particularly good for lion and cheetah sightings, as well as the most elusive of all big cats, the leopard.

In the late afternoon we return to our accommodation.

Accommodation: Kisura Serengeti Tented Camp or similar

27.09.25 Serengeti – Lake Victoria, Tanzania

(B/L/D)

In the late afternoon we arrive at our hotel. If time permits, we visit the Kazuri Beads Centre and workshop for those interested in shopping. Kazuri means “small and beautiful” in Swahili and it describes each striking ceramic bead which is shaped by hand by the women employed at the Kazuri workshop. Full amenities are provided and rooms are solar powered with solar heated water; there is a power strip for battery charging. Each room has a torch and umbrella for you to use during your stay with us. A whistle is also provided in case you need to alert the security guards.

As the solar lighting may be dimmer than you're used to, we highly recommend you bring a headlamp or 'book light' for reading in bed at night.

Due to our solar electrical system it's not possible to use a hair dryer at Karatu Simba. We kindly request that you don't attempt to plug in a hair dryer as in all likelihood it will blow the system resulting in loss of power to the entire lodge. We serve continental cuisine with an occasional sample of local dishes.
