Tour Difficulty Ratings & Advice

To ensure that you select the right tour for you, Macleay Valley Travel has provided a clear set of tour difficulty and fitness recommendations for our tours. The ratings, from 1, being the easiest, to 5 the most strenuous, will give you a good idea of what is reasonably required for you to be able to participate on each tour. Most tours require a moderate to good level of fitness, however there are others that are quite challenging. For your enjoyment of the tour, and also the enjoyment of your fellow travellers, please consider whether or not the suggested difficulty level for the tour you are interested in is compatible with your health and fitness.

Tour Difficulty Level 4

1	2	3	4	5
---	---	---	---	---

This tour rating typically involves an above average level of physical activity, such as ascending stairs, getting into a bathtub shower, being responsible for your own luggage at airports and hotels, walking distances of up to 2 kilometres at a time over possible uneven ground and/or cobblestone streets. Walking tours of considerable distances should be expected on tours with this rating, as well as early departures. Unfortunately this tour rating is not recommended for individuals who cannot walk unaided.
